NOTES→

- 1) A loyalty addition is NOT payable for policies which are surrendered. But it is payable if policy is discounted in last policy year provided last year's premiums have remained to be unpaid.
- 2) In the case of policies with mode of payment of premiums other than yearly, unpaid premiums if any, falling due before the policy anniversary are deducted from the claim amount. Hence they should be treated to have been received for this purpose and accordingly loyalty addition will be paid taking the new duration.
- 3) In case of maturity claims, if no premiums have been paid during the last policy year, but the policy was in force for full sum assured on the policy anniversary prior to the maturity date. The claim is paid for full sum assured on the maturity date along with guaranteed addition, reversionary bonus and interim bonus sub to the deduction of the unpaid instalment of premiums with interest, if any, for the last year of policy. Such policies will be eligible for payment of loyalty additions for full sum assured if other qualifying conditions stated herein are satisfied.
- 4) Where a policyholder discounts the policy within one year preceding the date of maturity, the policy will be eligible for loyalty additions provided policy is in force as on date of discount or policy is in force on last policy anniversary prior to date of maturity and o/s premiums are deducted, PROVIDED PLAN IS ALLOWED FOR DISCOUNT.
- 5) The policies for which death claim is payable as per claims concession clause, the loyalty additions would be payable provided other qualifying conditions are satisfied.
- 6) In case of Komal Jeevan plan, the duration elapsed is reckoned from the date of commencement of risk. In short, loyalty addition is payable, if risk has commenced under the policy.

- 7) In case of Bima Kiran plan-111, if death occurs in 15th policy year i.e duration of 14 year and 1 day onwards, loyalty addition is payable provided policy is in force for full sum assured and premiums are recovered for 15th policy year.
